The St. Bernard Village Council Meeting was held Thursday, August 9, 2018 in Council Chambers.

President of Council, Mr. Steven Asbach – The meeting was opened with a prayer followed by the Pledge of Allegiance.

Roll call showed that six members were present; Mr. Tobergte, Mr. Bob Culbertson, Mr. Burkhardt, Mrs. Bedinghaus, Dr. Chastain, and Mr. Siefert. Mr. Ray Culbertson was absent.

Mrs. Bedinghaus made a motion to dispense with the reading of the minutes. Mr. Burkhardt seconded the motion. Council agreed 6-0.

Mr. Stuchell introduced two new police officers, Alex Mathis and Aaron Grant, to be sworn in for duty.

Mayor Estep swore in the two new police officers.

Mr. Stuchell then introduced Brian Young as the new Fire Chief and Brett Fogel as a Lieutenant.

Mayor Estep then swore the new officers as Chief and Lieutenant.

REPORTS OF VILLAGE OFFICIALS

MAYOR, Mr. Estep – Paul Schildmeyer and Mrs. Brickweg met and it looks like it’s going to be a good thing for both groups. It was a good meeting. I scheduled a Department Heads meeting for possibly next week. I’ve got a couple of things going and I met with Charlie Frank. It looks like Peggy and Paul Schildmeyer have things going in the right direction now at Ross Park.

AUDITOR, Mrs. Brickweg – The Auditor’s office provided Council and the Administration with the end of July, 2018 Expense and Revenue spreadsheets and Cash Fund Report. The yearly expenses were $6,961,952.81 and the revenues were $7,927,001.60. Year to date the revenues are $965,048.79 over the expenses.

The Auditor’s office prepared Ordinance 24, 2018. It moves

FROM:
04-SP-1 Swimming Pool Managers $4,000.00
04-SP-9 Equipment Maintenance $8,000.00

TO:
04-SP-2 Swimming Pool Employees $12,000.00

I am happy to report that the Village received an unexpected $8,167.15 from the Hamilton County Auditor’s Real Estate Assessment Fund. This is the Village’s portion of the $14 million unspent balance in the fund. The money comes from a
fee which is calculated as a percentage of the County’s total tax collections. State law provides the County Auditor to return excess funds to various taxing authorities. The return is pro-rated based on the annual property tax.

I would like to be placed on the next Committee of the Whole meeting to discuss a possible new line item and appropriation that would be required if the Village decides to run the St. Bernard Dance program through the Recreation Department.

Also, the Village employees are filling out expenses and a very long health history in hopes of going out for better premiums or better rates for next year. Currently they are filling out the fire form. It is due tomorrow. If any of the employees have any questions that have not been answered they can feel free to call me tomorrow.

DIRECTOR OF LAW, Mr. Peck – Tonight we have Ordinances Nos. 25 and 26, 2018. 25 is the tethering of dogs which is in addition to our Chapter 505.22. In extreme conditions to 505.18 which is identified by the Safety Director based on issues he has seen in the community. With his help, he identified the appropriate Ordinance in Cincinnati and we have used theirs for your consideration. Ordinance No. 26 is regarding the drones. It just says you can’t use it recklessly or endanger lives or property. It also cites the Federal Aviation Administration standards. So, as long as you operate within those guidelines you should be okay. As you recall, we did have, some litigation the landfill. No news is good news. But I do have some news, not necessarily bad news. Tim Burke is retiring. That’s our attorney that kind of let us do that process. I want to congratulate him and thank him for his help through those difficult times. Curtis Walden, they both did an excellent job, but our attorney is retiring at the end of the year. He said he is going to leave us in good hands but I do hate to see him go as he did a heck of a job regarding the landfill. So, if you have any questions on that just let me know.

TREASURER, Mr. Unruhe – This evening I printed out for Council and the Clerk the Star Ohio account. At the end of July the total value of the fund from that account totaled $2,924,924.95 and that includes the deposit that the Auditor mentioned last month that she made at the end of the month, July 25, of $1,000,000.00 but keep in mind that she actually took out $400,000.00 at the end of the year so the actually net there is $600,000.00.

SAFETY DIRECTOR, Mr. Stuchell – I have the report for the St. Bernard Fire Department for the Month of July; run information for July 2018; EMS Details were 70 with 37 patients transported. Mutual aid given; 3 to Elmwood, 1 to Cincinnati. There was no mutual aid received this month. Details of interest; 7 auto accidents, 4 unconscious, 1 overdose, 1 non breather. Fire run information for July 2018. Fire details; 30 total runs, mutual aid given 1 to Little Miami, 1 to Deer Park, 1 to Green Township. Mutual aid received, 2 from Norwood, 1 from Elmwood Place, 1 from Little Miami and 1 from Wyoming. Details of interest, 3 structure fires, 1 appliance fire, 1 other fire, 4 auto accidents. I would like to acknowledge the St. Bernard Fire Department and the St. Bernard Police Dept. for their quick response and take down of a structure fire on Phillips Ave. on Sunday, July 29th. Our police department was on scene first and learned that there were 3 dogs still in the home so they were able to prop both the front and rear doors open with the hopes that they could get out. Upon arrival, our FD made a quick interior take down of the fire with the assistance of mutual aid crews from Elmwood Place, Little Miami, and Norwood. Fortunately, all 3 dogs were rescued and the home was not a total loss. Thank you again for your efforts and making the community proud.
I would like to thank Kerry Meyer for his service as Chief and wish him the best. I would also like to acknowledge two individuals, John Powers from Roger Bacon High School and local celebrity, Manzie Williams who assisted at an accident scene last month. Early last month there was an accident on Vine St. In front of St. John’s Cemetery where one of our residents was on their way out of the Village when they were struck by a vehicle who crossed the center line and spun her vehicle around. The other driver who was driving a friend to a rehab center was coincidentally impaired at the time and created a large traffic nightmare. This all occurred during a very busy time during the first shift so these two gentlemen assisted in directing traffic so our officers could tend to the scene. So, thank you for stepping up, your efforts are greatly appreciated.

On August 7, 2018 at 4:31am. officers were dispatched to a man down on Chalet near E. Ross Ave. (incident #18-5348). Officer Ingram was part of a two man unit as he was training Officer Aaron Grant. Officer Ingram arrived first and immediately called for medics for a suspected heroin overdose. Lt Nimmo arrived seconds later and observed that the subject, a male/white in his 40’s, was unresponsive and struggling to breath. Officer Ingram was trying to revive him and had begun a sternum rub. These attempts had no effect and the subject stopped breathing. Officer Ingram started chest compressions and after 10-15 compressions the subject began breathing on his own. Approximately a minute and half later the subject stopped breathing again. Officer Ingram again started chest compressions and the subject began breathing again. This repeated a third time before the medics arrived.

Medic 91 arrived and immediately loaded the subject and administered Narcan. Initially the Narcan did not appear to take effect and after several minutes the subject was still not breathing on his own. The subject was transported to U.C. Hospital where he was successfully revived.

I am certain the Officer Ingram’s caring intervention during this event prolonged the subject’s life long enough for Narcan to be successfully administered. Thank you Officer Ingram for your actions, job well done.

You all have probably seen the numerous posts on our PD Facebook page about cars being unlocked and items being taken such as change, electronics, weapons, and other personal items. Please keep your vehicles locked and remove your valuables. After our last Council meeting I met my wife for a late burger at St. Bernard Pub and while finishing our dinner I watched 2 people running around the municipal lot behind LaRosa’s going from car to car checking handles. It caught my attention since 2 of the cars belonged to me and I watched them enter two vehicles. I immediately called our PD who responded immediately while I was chasing them up Martin. Luckily with the help of a couple great neighbors 1 juvenile was apprehended immediately and the second the next day.

Coincidentally, these same two young punks were involved a week later in a burglary on Church St. Thanks to the hard work of our PD felony charges were filed on all 5 subjects involved in this case. The CIC is asking to be put on the agenda for the next COW meeting to request the release and termination of the restrictions set forth in the parking agreement for the shopping center. Our CIC Secretary and Real Estate Attorney, Meredith Hughes will be here to explain the request. We will email additional information to the Council members for review before the meeting.

SERVICE DIRECTOR, Mr. Paul – Absent.
TAX COMMISSIONER/ADMINISTRATOR, Mr. Moore – (read by Mrs. Brickweg). Mr. Moore apologizes for his absence but he has family obligations out of town this week.

Everyone, attached are the July Earned Income Tax receipt totals. We had another good month in July. However, this month’s increase over July of last year is the direct result of a one-time large withholding tax payment made by one of our larger employers. I met with my contact at this employer in person, and I was assured that it was monies owed to St. Bernard because of one-time bonus payments made to some of their employees. Therefore, we cannot depend on this additional income going forward.

I would caution everyone that next year some of these employees may file for refunds as they do not spend all of their working hours in the Village. I will keep you advised as we go forward.

Please feel free to contact me if you have questions.

REPORTS OF STANDING COMMITTEES

FINANCE, Mr. Tobergte – My next Townhall meeting will be Tuesday, August 14 at 7:00pm in Centennial Hall.

The Fire and Police Steak Fry is being held Friday, September 14 in the pavilion at Vine Street Park. Tickets are still $15.00 for a steak dinner.

Last Saturday Block Watch started painting curbs to help out our Service Dept. We had 10 volunteers. While working in town this week, I had a few residents ask if we could paint the curbs by their houses, we will be discussing if we are going to continue helping the Service Department at our next meeting.

SAFETY, Mr. Ray Culbertson – (read by Mr. Tobergte) The next Block Watch meeting will be Thursday, August 15 at 6:30 in the Safety Center.

SERVICE, Mr. Siefert – I just want to congratulate Office Matthis and Grant as well as Chief Young and Fogel.

The Service Department report for July, 2018. There were 34 trucks placed at residences, 29 dumpsters placed at residences, 259 special pick-ups at residences, 194.84 tons of garbage taken to the landfill, 27.25 tons of recycling material and 3,080 lbs. of scrap metal.

I have a message from the Service and foreman Mike Wiedman. If anyone on Council or Block Watch or citizens have questions about the Service Department, how it is run or what they do, please feel free to call Foreman Mike Wiedman at any time at he will be happy to speak with you. If you leave a message, a return call will be made ASAP. The Service Department is always available to the citizens. The garage number is 513-242-0086 and the foreman’s cell number is 513-616-3413.

PUBLIC IMPROVEMENTS, Mr. Bob Culbertson – Just to let everybody know the next CIC meeting will be August 21 at 6:00pm in the Lower Level of the Municipal Building. The CIC has also sold 301 Cleveland this past week to an individual, so we’re excited about that. The CIC is also requesting the four remaining properties back from the Port Authority on Cleveland. Once we receive those properties back we will post them for thirty days on the website to give all those interested an opportunity to turn in their financial packets.

LAWS, CONTRACTS AND CLAIMS, Mrs. Bedinghaus – I’d like to thank Mike Peck and Jonathan Stuchell for engaging with the Laws, Contracts and Claims
Committee in bringing Ordinance Nos. 25 and 25, 2018 to our attention and working through this. As Chair of the Laws, Contracts and Claims Committee, I recommend the approval of both of these Ordinances tonight.

BUSINESS AND INDUSTRY, Mr. Burkhardt – No report.

MARKETING, Dr. Chastain – The external marketing group met this past Tuesday and the two members that were present agreed to accept the resignation of the other person that was attending regularly. So, the two other members agreed to disband that group and roll all their activities into the Council marketing committee. This is going to be an easier and less confusing set up for all marketing activities. This is what I had thought about but I didn’t want to disrespect the work that had been done over the year by the volunteers. I want to sincerely thank everyone who had contributed to that group over the last couple of years for the work that was done. I truly appreciate it.

There is enough business now to have a monthly marketing meeting. That is going to be the first Tuesday of every month at 7:00pm here in Council Chambers. I encourage everyone to attend. We need energy and input. I would, however, and I think, and maybe Mr. Stuchell can comment, if it’s not needed, I would like to put a discussion of a German Luau at the next COW meeting agenda so that we can talk about in general whether we should handle the pilot funding through a Village account or Council as primary sponsor or Council as a separate non-profit specifically set up for that festival. That's what Norwood does with their fireworks. I think that’s going to be a robust discussion and it warrants a COW discussion.

Tom Paul is awaiting confirmation of the newsletter platform integration of the new Village website and once that input is fully integrated we’ll start playing with that system. I'll start harassing content writers so we can get that off the ground.

Mrs. Kathman – The COW report has been emailed to Council and the Administration.
