Subject: Village of St. Bernard Landfill  
Quarterly Probe Monitoring Results

Dear Ms. Lammers:

Enclosed please find the results of the quarterly gas monitoring performed on behalf of the Village of St. Bernard at the closed St. Bernard Landfill on June 11, 2019.

No combustible gas concentrations at or above the compliance threshold were detected at any of the probes in the compliance monitoring network. Note that MP-7H was not watered in as was the case in March.

It is anticipated that the next quarterly monitoring event will be performed during the first full week in September 2019.

Should you have any questions or comments, please contact the undersigned.

Sincerely,
