Discussion on Ordinance 3, 2018

Ordinance authorizing the solid waste collection fee for residents at \$15 for the year 2018.

- We looked at the April and May 2018 Waste Fee numbers. There was some confusion over the Net Collections and Net Charges for each month in relation to the 5% collection fee. Ray Culbertson suggested checking with Tommy Paul about the Net Charges for April and May. Alan Siefert said he will look into this matter.
- Kelly Chastain suggested that we get with John Estep and Tommy Paul and maybe the lady from the recycling and solid waste district and look into a tiered system.
- Mike Wiedmann brought up the point that we are now starting to be charged for our recycling by Rumpke.
- Alan Siefert suggested we meet for another Service Meeting in a few months when we get solid figures regarding the trash fee.

Respectfully submitted,

Alan Siefert, Chairman
