Re: St. Bernard Landfill  
Compliance Review  
Letter of Compliance  
Municipal Solid Waste Landfills  
Butler County  
MSWL019848

**Subject: Ohio Administrative Code Rule 3745-513 Certification Report Concurrence**

Dear Mayor Stuchell:

I am writing to you regarding the Ohio Environmental Protection Agency's (Ohio EPA) review of the document titled "Certification Report for Landfill Gas Sampling in Waste" (Report), dated November 20, 2023. SCS Engineers prepared the Report on behalf of the Village of St. Bernard for St. Bernard Landfill (Facility), located south of Bank Avenue, Hamilton County, Ohio. Ohio EPA reviewed the Report to determine compliance with Ohio Revised Code Chapter 3734 and Ohio Administrative Code Chapter 3745-513.

SCS Engineers conducted GeoProbe activities on November 13, 2023 to determine explosive gas generation rates. Five (5) temporary borings were drilled. SCS Engineers completed the sampling activities as outlined in the Chapter 513-400 request, dated October 26, 2023.

Ohio EPA found no deficiencies during this review. Please be advised that this notice of compliance is only associated with the documentation reviewed and does not constitute a waiver of potential deficiencies not discovered.

If you have any questions, please contact me at (937) 285-6048 or by email at [Dylan.Dyer@epa.ohio.gov](mailto:Dylan.Dyer@epa.ohio.gov).

Sincerely,

Dylan Dyer, REHS  
Environmental Specialist II  
Division of Materials and Waste Management
