**Subject: Removal of Gas Probe MP-10  
Concurrence**

Dear Mayor Estep:

I am writing to you regarding the Ohio Environmental Protection Agency's (Ohio EPA) review of the document titled, "Request to Remove MP-10 from the Monitoring Network" (Request), dated December 18, 2017. SCS Engineers submitted the Request on behalf of the Village of St. Bernard, for St. Bernard Landfill (Facility), located south of Bank Avenue, St. Bernard, Ohio. Ohio EPA reviewed the Request to determine compliance with Ohio's laws as found in Ohio Revised Code Chapter 3734, Ohio Administrative Code Rule 3745-27-12, and the Facility's explosive gas monitoring plan (EGMP), approved February 2, 2015.

Ohio EPA found no deficiencies during the review. Please notify Ohio EPA prior to abandonment so a staff member can be present during this fieldwork. Additionally, please follow the abandonment procedure in the EGMP and submit changes as an alteration.

Please be advised that this letter is only associated with the documentation reviewed and does not constitute a waiver of potential violations not discovered.

If you have any questions, please contact me at (937) 285-6046 or by email at [Maria.Lammers@epa.ohio.gov](mailto:Maria.Lammers@epa.ohio.gov).

Sincerely,

A handwritten signature in dark ink, appearing to read "Maria Lammers R.S.", is written over a light gray circular background.
